² ProCredit Bank is entitled to charge a custody fee for the safekeeping of credit balances on investment accounts. ProCredit Bank is entitled to amend the custody fee amount for credit balances on investment accounts at its own discretion (section 315 BGB). The amount of the current custody fee is published at www.procreditbank.de or can be queried by calling ProCredit Bank's customer service. The amount of the custody fee is based on the applicable penalty interest rate of the ECB for the deposit facility, which is published on the website of the Deutsche Bundesbank. In order to calculate the agreed custody fee, ProCredit Bank determines the daily balance per account and accrues the fee on a daily basis in accordance with the current conditions published on the bank's website. The charge determined in this manner is debited with the statement of account at the end of the year.
